

Are you a Registered Nurse who is ready to do more for patient health? Become a Family Nurse Practitioner. Samuel Merritt University's Master of Science in Nursing – Family Nurse Practitioner program teaches the skills and knowledge you need to build on your experience as a Registered Nurse.

Family Nurse Practitioner is one of the fastest growing fields in health care and demand is expected to increase by up to 31% in the next decade ¹. As an FNP your career can provide you with:

- Options – Work in schools, hospitals, community health services, and other settings
- Responsibility – Directly influence patient health as a primary care provider
- Leadership Potential – Lead in management, nursing research, advocacy, or policymaking
